## **Project Description**

According to the bank website, "the proposed knowledge and support technical assistance (TA) will support investment projects proposed for Asian Development Bank (ADB) financing requiring environmental and social safeguards assessments and to manage the impacts and risks related to involuntary resettlement (IR), environment, and indigenous peoples (IP) at an early stage of project preparation. During project implementation, the executing agencies oversee the application of the resettlement plan (RP), the environmental management plan (EMP), and indigenous peoples plan (IP) and oversee fulfilling other requirements as per ADB's Safeguards Policy Statement (2009). **ACCOUNTABILITY MECHANISM OF ADB**

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
