## **Project Description**

According to the bank document, "the proposed project will support Shenzhen Water Group's investment in

(i) climate- and disaster-resilient urban water infrastructure and

(ii) water supply and wastewater treatment facilities with smart water technologies in Shenzhen and third- and fourth-tier cities in the PRC.

The loan will help finance the construction, acquisition, upgrading, expansion, and refinancing of subprojects that will support sponge city development to enhance climate resilience, and apply smart water technology to improve efficiency in the water value chain from the supply end to wastewater treatment".

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
