Investment Amount (USD)	\$ 0.75 million

### **Project Description**

According to the bank website, "the proposed regional knowledge and support technical assistance (KSTA) will support the strengthening of electronic government procurement (e-GP) systems across ADB developing member countries (DMCs). Strengthening governance and institutional capacity is an operational priority under Strategy 2030. Aligned to the strategy ADB will continue to adhere to standards for procurement and contribute to maintaining and raising standards in the international development community. ADB will assist DMCs in undertaking reforms and building country systems including the use of e-GP in these areas. ADB will also continue to help executing and implementing agencies strengthen their capacity to plan, design, finance, and implement ADB projects, including the application of advanced technology for robust e-GP systems."

#### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
