Project Description

According to the Bank's website, this is a regional knowledge and support technical assistance project that aims to support an increase in regional power trade among Afghanistan, Kazakhstan, the Kyrgyz Republic, Tajikistan, Uzbekistan, and Turkmenistan. The subprojects included in this project are:

- Modernizing the coordinating dispatch center (CDC) Energiya, which coordinates power flow between the national electricity grids of the Central Asian Power System (CAPS), to enhance its technical capacity;
- Identifying the technical obstacles to power trade for CAPS, and proposing and coordinating solutions to overcome them for each country; and
- Supporting the expansion of CAPS membership and seeking new markets.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
