ADB-52113-001

Strengthening Financial Management in Asia and the Pacific II

Project Description

This project provides technical assistance to enhance financial management capacity in Asia and the Pacific. This includes improving the quality of financial audits, supporting the adoption of International Public Sector Accounting Standards (IPSAS), and developing the financial management and audit function capacity of staff in project-executing and implementing agencies.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
