Integrated Water Productivity Improvement Project

Early Warning System

Integrated Water Productivity Improvement Project

ADB-52156-002

Quick Facts

Countries	Sri Lanka
Financial Institutions	Asian Development Bank (ADB)
Status	Approved
Bank Risk Rating	U
Voting Date	2018-11-12
Borrower	Government of Sri Lanka
Sectors	Agriculture and Forestry, Infrastructure, Water and Sanitation
Investment Type(s)	Grant
Investment Amount (USD)	$ 1.20 million

Project Description

According to the bank document, "the transaction technical assistance (TRTA) will prepare the proposed Integrated Water Productivity Improvement Project. The project will improve water management within the selected river basins and irrigation subprojects will be improved under the project with the following outputs and interventions. Output 1: resource management systems improved, will (i) strengthen river basin coordination and management by undertaking river basin mapping and modelling and preparing river basin management plans; (ii) increase hydrological and meteorological data collection and strengthening the national hydrology archive; and (iii) provide modern asset management tools and procedures. Output 2: irrigation infrastructure modernized, will (i) implement irrigation modernization works; (ii) expand irrigation systems where there is adequate water availability; and (iii) increase overall water storage capacity. Output 3: modern crop production and marketing promoted, will assist farmers with modern best practices for improving on-farm water management and increase their crop productivity by (i) implementing training programs for farmers (including targeting women farmers) and government staff on improved water management and crop production; (ii) establishing new demonstration farms; and (iii) strengthening farmer organizations. These outputs will result in the following outcome: water productivity in irrigated lands of selected river basins increased."

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
