---

## Project Description

According to Bank documents, this project provides technical assistance to support the government of Kazakhstan in improving public debt management and developing the government securities market. Components of the technical assistance will include:

- Developing a debt management strategy for optimizing debt risks, costs, and coverage of public sector debt
- Preparing an action plan to develop the government securities market, including expanding the domestic and international investor base
- Preparing a plan to improve government agency coordination for cash and debt management

---

## Investment Description

- Asian Development Bank (ADB)

Kazakhstan

### **ACCOUNTABILITY MECHANISM OF ADB**

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
