Project Description

This project provides technical assistance to support the government of Uzbekistan in restructuring Uzbekneftegaz into a stand-alone, corporate legal entity and strengthening its governance and financial management systems.

Bank documents note that Uzbekneftegaz's long-term development strategy for 2018 to 2028 includes the modernization of its gas transmission network and SCADA infrastructure. The total estimated cost of this is US\$1500 million, with financing requested from ADB.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
