Project Description

According to the bank document, "the project will address poor access to water supply and sanitation in 3 provincial towns of PNG, Vanimo, Kerema and Mendi. The project will contribute to the PNG National Water, Sanitation and Hygiene (WASH) Policy which specifies a target of 95% urban access rates to a safe, convenient and sustainable water supply, and 85% of the urban population to have access to safe, convenient and sustainable sanitation"

Project's outcomes include: Urban water infrastructure constructed; Urban sanitation infrastructure constructed; Awareness of hygiene and hygiene behaviors improved; Institutional and project management capacity is enhanced.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
