Quick Facts

Countries	Mongolia
Financial Institutions	Asian Development Bank (ADB)
Status	Approved
Bank Risk Rating	U
Voting Date	2020-01-17
Sectors	Energy, Hydropower, Technical Cooperation
Investment Type(s)	Grant
Investment Amount (USD)	$ 1.30 million

Project Description

According to the Bank's website, this project provides technical assistance for the preparation and implementation of a related project aimed at expanding renewable energy production and infrastructure in Mongolia. Outputs of the overall project include:

1. Connecting the western and Altai Uliastai grid systems to the national grid systems, to strengthen energy transmission.
2. Piloting pumped storage hydropower generation schemes, including Kherlen-Choir (50MW).
3. Piloting geothermal heat and power generation schemes, including in the Khangai mountain area.
4. Deploying advanced heating technologies to reduce the use of coal.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
