Project Description

According to the bank website, the proposed project will support the Philippine Development Plan 2017 2022 goal of helping individuals and families cope with risks through a universal and transformative social protection system that builds socioeconomic resilience. Additional financing approved in 2016 funded a share of the CCT education and health grants for more than four million households nationwide. While the proposed third phase of support will continue to strengthen the CCT program, it will also help to build a more integrated and efficient social protection system. It will finance transfers and strengthen implementation mechanisms (including payment, financial management, and targeting) for the government's expanded social transfers, including the social pension program. ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
