Investment Amount (USD)	$ 0.23 million

Project Description

According to bank documents, "the proposed KSTA will pilot the use of foresight and futures strategic thinking to enhance development planning in selected DMCs and inform ADB's country partnership strategies with these countries. This enables the creation of more robust policy solutions, which integrate the perspectives of different stakeholders. Techniques are used to helps transform the understanding of the future by reframing the problem or issue through deeper causative levels, and by constructing the issues through diverse worldviews and stakeholders. Scenario planning is used to move from the one future or planning for the future to the acceptance of other possible and preferred futures."

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
