## Project Description

According to the bank website, "the project will improve about 2,700 km of rural roads to all-weather standards. This improvement will support rural populations across 34 districts and help bolster the agriculture sector. The project will also support the government's agricultural strategy for increasing agricultural productivity by (i) encouraging commercial agriculture and agribusiness development, (ii) increasing employment opportunities for rural poor people, and (iii) reducing the state's poverty incidence."

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
