### Project Description

As stated by the ADB, the program supports the Government of Georgia's efforts to improve the quality and relevance of, and access to, vocational education and training (VET) in Georgia. By tackling the remaining policy constraints and deepening the critical sector reforms initiated under the first subprogram, subprogram 2 will further strengthen and align the VET system with the needs of a growing economy. Prior actions in subprogram 2 served to (i) improve the quality and relevance of VET programs in Georgia's priority economic sectors, (ii) improve access to and inclusiveness of VET, and (iii) increase private sector participation in VET governance and delivery.
