Project Description

According to the bank document, the knowledge and support technical assistance (TA) will provide knowledge-based solutions in the health sector to support inclusive growth in the People's Republic of China (PRC). It will

(i) address institutional challenges, and

(ii) promote digital technology and eventually generate regional public goods.

The TA will reduce rural-urban disparity of health service delivery and will support the achievement of Sustainable Development Goal 3 (to ensure healthy lives and promote well-being for all at all ages) and universal health coverage.

The project outcome is expected to improve GZAR's rural primary health system planning and management.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
