### Project Description

According to ADB website, the TA will support the Government of Mongolia in strengthening agriculture value chains and promoting sustainable and efficient agriculture production. The TA will improve the capacity and ability of herder cooperatives to address a range of issues including livestock, pasture, and water management, as well as to strengthen value chains and links with markets. The knowledge generated through the TA will also provide an evidence-based model for empowering herder cooperatives and allow Mongolia to transition towards sustainable and quality-based livestock production.

### **ACCOUNTABILITY MECHANISM OF ADB**

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
