Project Description

According to the bank document, the Asian Development Bank (ADB) and the government have agreed to adopt a framework approach to support the plan, with a focus on:

(i) institutional strengthening and policy reform;

(ii) ecosystem restoration and environmental protection;

(iii) green industrial transformation; and

(iv) construction of an integrated multimodal transport corridor.

The project is included in the country operations business plan for the People's Republic of China, 2019-2021.

The project outputs are expected as:

- Rural waste and sanitation management facilities and services in Xiangxi improved
- Local featured agricultural products in Xiangxi developed
- Agricultural value chain in Xiangxi improved through industrial integration

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
