Project Description

According to the bank website, "The proposed facility "will support (i) project preparation for a series of ensuing urban and water projects in India during 2020 2022, and (ii) capacity building and implementation of selected ongoing urban and water projects in India. The projects supported align with the operational priorities of the Asian Development Bank (ADB) Strategy 2030 to help build livable cities that are green, competitive, inclusive, and resilient, and foster energy-efficient infrastructure. The TA facility will assist the projects to (i) include integrated solutions for urban development and drinking water supply promoting international best-practices and innovation for improved efficiency and sustainability, (ii) achieve high project readiness as set by ADB and government of India, and (iii) strengthen capacity for implementation and sustainable and efficient operation and maintenance (O&M;) of the assets built..."

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
