Project Description

According to the bank's website, "ADB will engage consultants following ADB's Procurement Policy (2017, as amended from time to time), ADB's Procurement Regulations (2017, as amended from time to time) and the relevant staff instructions. Individual consultant selection is proposed for the recruitment of six lead international consultants to provide 52 person-months of intermittent services to design the Improving Financial Access and Entrepreneurship Development Project. The lead consultants will recruit specialist short-term consultants with required technical expertise for on-demand assignments, using the individual consultant selection method. Resource person contracts will also be considered for any immediate in-country support, including support for surveys and data collection. The requirements and lengths of the engagements will vary with the scope of work. The terms of reference for assignments by specialist consultants will be prepared by the lead consultants and submitted to the transaction TA supervising team for endorsement."

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
