## Project Description

According to the Bank's website, this project provides technical assistance for sub-projects throughout Georgia to improve infrastructure and services in urban areas.

The outputs of the project will be: (i) preparation of feasibility studies for ensuing projects; (ii) improvements of project management and urban service delivery capacity and; (iii) reduction of compliance and contractual disputes.

## Investment Description

- Asian Development Bank (ADB)

## Contact Information

*No contact information available at time of writing.*

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
