Project Description

According to the bank website, "The transaction technical assistance (TA) facility will support urban sector analyses, project preparation and capacity development, and project due diligence during 2019 2021 to a series of urban development investment projects. These projects will comprise the subsectors of: (i) urban transport; (ii) urban water, sanitation, and flood control; (iii) solid waste management; (iv) low-income housing; (v) cultural heritage restoration; (vi) tourism development; and (vii) information and communications technology (ICT). To develop these projects, preparatory work in the form of feasibility studies, environmental and social safeguards work, financial management assessments, and economic analyses will be required. The TA facility is included in the current Country Operations Business Plan (COBP), 2019 2021, for Pakistan."

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
