Project Description

According to the bank document, "the project aims to reduce trans-boundary animal diseases (TAD), food safety and zoonotic disease risks and strengthen livestock value chains and COVID-19 responses through investments in infrastructure, capacity building and policy support.

The project will have the following outcome: health, value chains, and formal trade of livestock and livestock products improved. There are project outputs as followed

Output 1: Livestock health and value chain infrastructure expanded and upgraded in a climate-friendly manner.

Output 2: Capacity for improved production and health of livestock and livestock products strengthened.

Output 3: Enabling policies for better supply, health, safety, and trade in livestock and livestock products enhanced."

According to the ADB website, this project will support COVID 19 relief efforts in Myanmar.

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
