Project Description

According to the Bank's website, this project finances the first tourism satellite account in Tajikistan, which is a strategic prerequisite for developing and monitoring the tourism industry. It provides data on, for example: tourism's share of Gross Domestic Product (GDP), national employment and foreign direct investment.

Additionally, this project will identify investments and policy actions to promote tourism in targeted regions.

Investment Description

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
