---

### Project Description

According to the bank's website, the proposed project "will improve CPUC's utility operation and customer management, expand and rehabilitate CPUC's sewage system and water supply services, reduce NRW, and increase revenue from water supply and sewerage services. The project will also raise Chuuk's community awareness on good sanitation and hygiene practices to prevent diseases and will foster water conservation."

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
