Project Description

This project will support a regional technical assistance for financial cooperation and integration among policy makers in the Association of Southeast Asian Nations (ASEAN) plus the People's Republic of China (PRC), Japan, and the Republic of Korea (collectively known as ASEAN+3) on the development of green local currency denominated bonds for infrastructure development in ASEAN+3.

The proposed TA is designed to support the creation of necessary ecosystems to develop green local currency financing in the region based on the assessment and recommendations of the study on Promoting Green Local Currency Bonds for Infrastructure Development in ASEAN+3.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
