Project Description

According to the bank's website, "The knowledge and support technical assistance (TA) will support the Royal Government of Cambodia (RGC) to develop and implement a one-stop shop model for public and social service deliveries using digital technology based on the national identification (ID) system. It aims to improve the government's social protection programs toward underserved people using digital technology and support government's vision of digital Cambodia by mainstreaming digital technology in public administration and services. The TA is included in the Country Operations Business Plan 2020-2022 with the title of _Digital ID for better targeting of social programs_ as one of the Innovation, Advanced Technology, and Pilot Initiatives to be implemented in 2020."

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
