### Project Description

According to the bank document, PTSASL was set up in September 2017 in an effort to:

- (i) expand and diversify the Group's coconut sourcing (different geographical/climatic zone) and
- (ii) benefit from lower cost-base for raw materials and boost the Group competitiveness for its flagship products (virgin coconut oil, desiccated coconut products and coconut water).

PTSASL key asset consists of a manufacturing plant located near Luwuk, Sulawesi, which is nearing construction completion. Construction costs of PTSASL processing plant are estimated at \$7.0 million and have been fully funded by equity to date.

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
