## Project Description

According to the project document, this knowledge and support technical assistance (TA) will make funds available to strengthen the capacity of current and potential private sector companies in transitional, fragile and conflict-affected situations (FCAS) and Small Island Developing States (SIDS) in the Asian Development Bank's (ADB) developing member countries. Where possible, the TA will seek to strengthen climate change and gender impacts in private sector investment.

## Investment Description

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
