## Project Description

According to the ADB website, the program will provide the government with rapid access to resources to initiate disaster response and early recovery efforts and/or to address the health and economic impacts of health-related emergencies with minimal delay. The program is aligned with the Philippine Development Plan (PDP), 2017 -2022 in supporting the integration of disaster resilience in various sectors of the economy and providing better access to healthcare, particularly in light of the vulnerabilities exposed by the coronavirus disease (COVID-19) pandemic.

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
