ADB-54026-013

Research of Ecological Water Security for Healthy River and Biodiversity
Protection in the Lower Yellow River and Delta

Quick Facts

Countries	China
Specific Location	Lower Yellow River and Delta, Henan and Shandong provinces
Financial Institutions	Asian Development Bank (ADB)
Status	Active
Bank Risk Rating	U
Voting Date	2022-09-23
Borrower	Government of the People's Republic of China
Sectors	Climate and Environment, Technical Cooperation
Investment Amount (USD)	\$ 0.30 million

Project Description

As stated by the ADB, the TA cluster comprises a total of 13 subprojects, each focused on different aspects of river basin management. Ten subprojects are under implementation and three are under preparation. The TA cluster is part of ADB's Yellow River Ecological Corridor program, a multisector approach which is aligned with the following impact: resilient ecological protection and security in the Yellow River basin achieved. The TA cluster and YREC program are supporting the PRC's Yellow River Basin Ecological Protection and High-quality Development Program, 20212035, which aims to strengthen water resources management and sustainable development in the basin.

The objective of this subproject is to identify the ecological water requirements of rivers is essential to maintaining river health.

Investment Description

- Asian Development Bank (ADB)

Contact Information

ADB Team Leader:

Mark R. Bezuijen - Principal Environment Specialist, EAD

No contacts available at the time of disclosure.

Executing Agency - Ministry of Water Resources:

Address: 2, Lane 2, Baiguang Road, Xicheng District, Beijing, China 100053

Phone: 00861063202114

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
