

 Early Warning System

ADB-54026-016

Research on Integrated Management of Water Scarcity and Ecological
Protection in the Yellow River Basin

Quick Facts

Countries	China
Specific Location	Yellow River basin
Financial Institutions	Asian Development Bank (ADB)
Status	Approved
Bank Risk Rating	U
Voting Date	2023-12-08
Borrower	Government of China
Sectors	Climate and Environment, Technical Cooperation
Investment Type(s)	Grant
Investment Amount (USD)	\$ 0.30 million
Project Cost (USD)	\$ 0.30 million

Project Description

According to the Bank's website, the impact of the technical assistance (TA) cluster subproject is aligned with the overall impact of the TA cluster: resilient ecological protection and security in the Yellow River basin (YRB) achieved. The TA cluster subproject will have the following outcome: water resources and ecosystem management in the upper and middle YRB improved. The TA cluster subproject will have three outputs: (i) Output 1: Spatiotemporal database and data platform for the upper and middle Yellow River basin developed, (ii) Output 2: Integrated methodologies to regulate ecosystem developed, and (iii) Output 3: A case study conducted in a typical area.

Early Warning System Project Analysis

According to the Technical Assistance Cluster Subproject Report, risk categorization does not apply to this project.

Investment Description

- Asian Development Bank (ADB)

The TA cluster subproject financing amount is \$300,000 which will be financed on a grant basis by ADB's TA Special Fund (TASF-other sources).

Contact Information

Contact Information

Project Officer: Yoshiaki Kobayashi

Designation: Principal Water Resources Specialist - Asian Development Bank

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
