### Project Description

According to the Bank's website, this project will provide technical assistance to develop the economic aspects and sustainable financing of water resources management. Priorities under this program under the CAREC 2030 strategy focused on water include:

- Tackling climate change, building climate and disaster resilience, and enhancing environmental sustainability; and
- Fostering regional cooperation and integration.

### **ACCOUNTABILITY MECHANISM OF ADB**

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
