Project Description

According to the bank document, "the transaction technical assistance (TA) will support the National Development and Reform Commission to prepare the ensuing project in accordance with country needs and Asian Development Bank requirements, and consistent with international good practices. The TA will undertake the relevant tasks and due diligence for assessing the technical, financial, and economic viability of the project, and the social and environmental impacts of the project.

ADB will engage consultants following the ADB Procurement Policy (2017, as amended from time to time) and its associated procurement staff instructions".

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
