### Project Description

This proposed TA will support government agencies and continue to consolidate the positive actions and build upon their strengths on capacity to develop and implement energy sector infrastructure projects from earlier TA resources. This TA supports ADB's Strategy 2030, namely: (i) livable cities by improving urban planning and financial sustainability of utilities; (ii) tackling climate change, building climate and disaster resilience and enhancing environmental sustainability; (iii) strengthening governance and institutional capacity; and (iv) regional cooperation and integration. This TA facility is listed in the current Maldives country operations business plan.

### Contact Information

#### ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

#### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
