Project Description

According to the bank's website, "The project will dualize about 520 kilometers (km) of provincial highways in south Punjab from the existing two-lane to divided four-lane standards with road safety and climate resilience features. It will also engage concessionaires to conduct operations and maintenance for the project roads through tolling and performance-based maintenance approach.

It will also support the government to (i) establish a dedicated entity with streamlined funding to manage all provincial highways in Punjab; (ii) conduct road safety assessment for the provincial highway network of Punjab and pilot the Safe System approach with a framework and action plan; and (iii) improve climate resilience of the road network and Communication and Works Department's disaster-response capability."
