Project Description

According to ADB website, ADB provides the technical support to the Ministry of Industry and Infrastructure Development of Kazakhstan for preparing the Central Asia Regional Economic Cooperation Corridors 3 and 6 Turkistan Road Network Improvement.

PROJECT DESCRIPTION

The technical assistance (TA) will support phase 1 of preparatory activities to help scope and structure the proposed Central Asia Regional Economic Cooperation (CAREC) Corridors 3 and 6 Turkistan Road Network Improvement Project (the project). TA activities include:

- (i) preparing a strategic procurement plan and recommending a suitable contracting modality;
- (ii) reviewing the project's alignment;
- (iii) collecting initial environmental and social safeguards data and support draft safeguards documentation;
- (iv) defining subsequent project activities, including the scope and financing modality of further project due diligence.

PROJECT RATIONALE AND LINKAGE TO COUNTRY/REGIONAL STRATEGY

The project will improve the capacity, safety, and sustainability of major road links in Kazakhstan''s southern region of Turkistan, and enhance regional connectivity and trade with national and international markets. The project will primarily finance 102 km of a road bypassing the city of Saryagash, providing a high-capacity corridor for freight traffic presently traversing urban areas.
