Project Description

According to the ADB, the project will (i) reconstruct the 49 km Dangara-Guliston road (part of Asian Highway 66) involving rehabilitation of the existing degraded two-lane carriageway, and duplication to four lanes to accommodate growing demand; (ii) construct charging stations to extend the range of the growing national EV fleet in the two major economic centers in South Tajikistan: Dangara and Bokhtar; and (iii) support implementation of the CAREC climate change vision by developing transport sector policies as they relate to (a) supporting the development of climate-resilient, green road practices in Tajikistan; and (b) the establishment of enabling EV regulation and private sector investment frameworks.

The project will address low transport sector climate resilience and weak connectivity in southern Tajikistan.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
