Project Description

According to ADB documents, the proposed investment 'The Khyber Pakhtunkhwa (KP) Health Service Improvement Program' financed by the programmatic policy based loan (PBL) will support the health sector reform in KP as health care became a provincial subject after devolution of health to the provinces in the wake of the 18th Constitutional Amendment. It will thereby assist the provincial government of KP (GoKP) in achieving its goal to provide quality health care services that are accessible, efficient and equitable especially for the poor and vulnerable.

The program will support the health sector reform through (i) improving quality health service delivery; (ii) strengthening health financing; and (iii) improving health governance and human resources.

ADB will administer the TRTA which will be implemented from October 2021 to June 2022. The Social Sector Division of ADB's Central and West Asia Regional Department will select, supervise, and evaluate consultants, and will be the coordinator of consulting inputs and activities. The DOH will be the executing agency.

Investment Description

- Asian Development Bank (ADB)

The TRTA is estimated to cost \$0.50 million which will be financed on a grant basis by ADB's Technical Assistance Special Fund (TASF-7).
