Project Description

According to the bank website, the proposed project will support the government to improve the equal access to quality general secondary education of science, technology, engineering and mathematics (STEM) from grades 5 to 11. The project's outcome is aimed at improving the learning outcome of general secondary school students on STEM subjects and their basic understanding of climate change. It will align with the following impact: foundation of human capital for transitioning to higher labor productivity for country competitiveness improved. It is planned with the following outputs: (i) quality of and focus on STEM education, with climate change education incorporated, improved; (ii) equality in access to and continuity of general secondary education enhanced; and (iii) sector governance and management strengthened.

Investment Description

- Asian Development Bank (ADB)

Contact Information

No contact information was added at the time of the disclosure.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
