## **Project Description**

According to the bank document, "the TA will contribute to the policy action on electric transportation included in the policy matrix for the forthcoming policy-based loan on Sustainable and Inclusive Energy Program (SIEP) Subprogram 3, which is expected to be co-financed by the Economic Development Cooperation Fund of the Republic of Korea.

The proposed TA will support a deployment roadmap, feasibility studies, and implementing regulations on electric charging infrastructure, critical to boost EV deployment. The TA will also help inform the proposed results-based loan for the Sustainable and Reliable Energy Access Program which includes support for EV charging infrastructure in western and central Java".
