Project Description

According to ADB website, the project will help finance immediate needs and deliver appropriate medical services where required. The government has indicated ADB's support would be used to improve laboratory diagnostic and testing capacity. Other needs such as procurement of medical equipment or other similar support to help the government meet its most urgent gaps may be identified as the situation evolves in the coming weeks. Recognizing the unpredictable nature of the situation and the concurrent inflow of support from other sources, flexibility is required, along with close coordination with various sources and partners. Any supplies funded from this grant need to be coordinated with other support, including the ADB-approved COVID-19 Active Response and Expenditure Support (CARES) Program, to avoid duplication.

Early Warning System Project Analysis

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
