Sectors	Infrastructure, Law and Government, Transport
Investment Type(s)	Loan
Loan Amount (USD)	\$ 295.00 million

Project Description

As stated in project documents, the Enhancing Connectivity and Sustainability in Bihar Road Project will widen and upgrade about 265 kilometers (km) of state highways to improve transport connectivity and safety in the state of Bihar. The project roads selected are spread across Bihar's rural areas that lack reliable road connectivity, resulting in limited access to health and educational institutions, commercial facilities, and government development agencies. The project also includes initiatives to strengthen transport planning, safety, and sustainability within the Bihar State Road Development Corporation Limited.

Early Warning System Project Analysis

The ADB categorized the project as follows:

Environment B

Involuntary Resettlement A

Indigenous Peoples C

Investment Description

- Asian Development Bank (ADB)

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
