Project Description

Anchored in MOSA's RENSTRA 2020-2024, the results-based lending (RBL) program scope focuses on results that strengthen flagship social assistance programs and provides livelihood opportunities for beneficiaries. The broader government program includes the work program from all departments in Ministry of Social Affairs (MOSA), while the RBL program focuses mostly on the departments working on PKH and Sembako, as well as the Planning Bureau which has an oversight role. The program will address core and persistent challenges in coverage, targeting, and fragmentation, while addressing newer reform agendas and responding to the coronavirus disease (COVID-19) pandemic. This includes innovative ideas such as shock responsive social protection, which aims at improving the capacity of the program and its beneficiaries to respond effectively to shocks, including climate and disaster-related shocks.
