Project Description

According to the bank document, "the Project will support the expansion of wastewater treatment (WWT) capacity and upgrade of discharge standards in Henan, Shaanxi, Heilongjiang and Guangdong provinces in the PRC.

As the majority of China Cube Water(CCW) wastewater treatment plants are located in provinces along the Yellow River, the project is directly complementary to the East Asia Regional Departments Yellow River Basin program (2021-2025). Finally, the Project will track specific pollutants to contribute to ADBs Action Plan for Healthy Oceans".

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
