Preparing and Improving Capacities for Sustainable Cross Border Operations and Regional Public Goods

### **Project Description**

According to ADB website information, it would be provided TA for strenthening the cross-border cooperation between the PRC and Mongolia. The technical assistance facility will have three components. The first output is to ensure that projects prepared through the facility are robustly designed, viable, and design-ready at approval. The second output will support the timely and effective implementation and long-term sustainability of the results of these projects. The third output will strengthen the coordination between the People's Republic of China (PRC) and Mongolia to deliver stronger regional cooperation project outcomes and promote regional public goods.

#### **Contact Information**

#### **ACCESS TO INFORMATION**

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

#### **ACCOUNTABILITY MECHANISM OF ADB**

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
