| Status | Approved |
| Bank Risk Rating | U |
| Voting Date | 2024-04-26 |
| Borrower | Regional |
| Sectors | Agriculture and Forestry, Technical Cooperation, Water and Sanitation |
| Investment Type(s) | Grant |
| Investment Amount (USD) | \$ 2.00 million |
| Project Cost (USD) | \$ 2.00 million |

Project Description

Asia and the Pacific is the most disaster-prone region in the world. Over the past 50 years, natural hazards in Asia and the Pacific have affected 6.9 billion people and killed more than 2 million. In 2021 alone, floods and storms accounted for 80% of natural hazard events in Asia, directly affecting 48.3 million people, and causing total economic damages of US\$ 35.6 billion. According to the 2020 Asian Development Water Outlook, 22 out of 49 countries in the region are facing water security which represents 2 billion people, or 50% of the region's population.

According to the Bank's website, the TA will target the following DMCs including Indonesia, Mongolia, Nepal, Pakistan and Tajikistan based on their national water security rating as assessed by the ADWO 2020, which assessed the majority of the target countries as water insecure.

Investment Description

- Asian Development Bank (ADB)

The TA cluster subproject financing amount is \$2,000,000, which will be financed on a grant basis by the Japan Fund for Prosperous and Resilient Asia and the Pacific (JFPR), and administered by ADB.

The government will provide counterpart support in the form of counterpart staff and access to data and information needed to undertake TA activities.

Contact Information

No contacts available at the time of disclosure.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
