Project Description

According to ADB documents, the proposed investment is a loan of up to \$60,000,000, in United States dollars, to ECOM Agroindustrial Corp. Limited (EACL) and to ECOM Agroindustrial Asia Pte. Limited (EAA) for the Ecom COVID-19 Smallholder Farmer Livelihood Support Project in Viet Nam, India, Indonesia, and Papua New Guinea (PNG). The report also describes the proposed administration of a concessional loan of up to \$1,200,000 to be provided by the Australian Climate Finance Partnership (ACFP).

An accompanying technical assistance grant will provide capacity building in climate-smart cocoa and coffee farming best practices and financial literacy in Indonesia and PNG, further supporting farmers' recovery from the pandemic. The technical assistance will benefit about 4,000 farmers and also promote gender-inclusive practices. The grant comprises \$205,000 from ADB's Technical Assistance Special Fund for COVID recovery and \$425,000 from the [Strategic Climate Fund](#), administered by ADB.

Investment Description

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
