### Project Description

According to ADB website, on 8 April 2021, the Government of Timor-Leste approached the Asian Development Bank (ADB) for an emergency grant from the APDRF to help restore lifesaving services disrupted by the floods as a result of the flooding. Based on identified needs, a proposed grant of \$1 million from the APDRF is expected to be used for restoring life-saving services, including to (i) provide flood-affected and vulnerable people in the municipality of Dili with emergency support through a conditional transfer (cash or food-for-work) to assist with debris management and the rehabilitation of basic and essential community infrastructure; and (ii) support the crisis response to the flood-affected population, including those in the evacuation centers.
