Project Description

According to the bank's website, the technical assistance "will have the following outcome: Higher-quality programs and projects that advance the SDGs developed and delivered by ADB DMCs. It will achieve this by providing a diverse suite of knowledge products and platforms, including data analysis tools, interactive web-based learning, and practical research. The TA cluster incorporates lessons from previous related TA projects and will support deliverables and activities for three outputs: (i) developing member countries' knowledge and capacity to align planned programs and financing with the SDGs strengthened, (ii) developing member countries' knowledge of good practices and lessons from operations increased, and (iii) developing member countries' capacity for SDG aligned results-based project design and management strengthened".

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
