Project Description

According to bank's website, "the TA will provide policy advisory and knowledge support to assess NEDA's organizational structure and support the development of a strategy for change management and re-engineering internal business processes. This would include improving the business process for infrastructure development from infrastructure planning, approval, budget allotment, monitoring to evaluation. In capacity development, the TA would provide support to NEDA staff to enhance technical skills and knowledge in data science and analytics in application to evidence-based policy and program formulation, monitoring, and evaluating including for the economic recovery program". Also, "NEDA is urgently undertaking internal organizational reforms and capacity development to strengthen its institutional capacity and staff capabilities to formulate evidence-based policy reforms and programs and to effectively monitor and evaluate impact".

Investment Description

- Asian Development Bank (ADB)

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
